**Basis for Award**

The Government will make a single award to the responsible contractor on the basis of lowest price technically acceptable (LPTA). The Government will evaluate the lowest priced quote, including all options, and if technically acceptable, evaluations will cease, and award will be made. If the quote is not technically acceptable, the next lowest quote will be evaluated, and so forth. Technical acceptability is determined based on the rating definitions in the table below. The technically acceptable quote will then have its price evaluated for reasonableness. The Government reserves the right not to make award. Contractors are encouraged to offer the best discount available.

To be considered for award, each quoter must submit their quote based on the description and CLIN structure listed above, and RFQ Attachment 3- SOW.

**Rating Definitions:**

<b>Acceptable</b>	The quote offers the product/services listed in the above table and in RFQ Attachment 3- SOW requirements.
<b>Unacceptable</b>	The quote does not offer the products/services listed in the table above and in RFQ Attachment 3- SOW requirements.

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

- (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
- (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, except other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings.* If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.
- (2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.
- (3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.
- (4) A summary of the rationale for award.
- (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.
